## 🧠 ABOUT ME

**V**isionary Product + AI Strategist
**With 25+ years of experience, I specialize in blending deep enterprise software expertise with cutting-edge Generative AI to build market-ready, automated, and scalable tech ecosystems.**

From Core Banking systems in VB to full-stack SaaS platforms using MVC, No-Code, .NET, and Bootstrap — I've evolved with the tech landscape. Today, I integrate advanced AI tools like Claude, ChatGPT, Leonardo.Ai, Kling.AI, RunwayML, Grok, and Manas, alongside workflow automation platforms like Make.com, Zapier, and Bolt.new.

Whether it's deploying AI agents, building responsive websites, or launching funnels on Systeme.io, I deliver intelligent solutions that scale effortlessly.

🔐 **Insurance + Insurance Integration Automation** — Reduced claim time from days to minutes.
